Coal Industry's Only Remedy Is Business Slump, Green States

"SURVIVAL OF FITTEST" BY WEEDING OUT WEAK MINES WILL AID OTHERS, HE SAYS

Conditions in This County Typical of Those Thruout Bituminous Field, William Green Tells Tribune Reporter—Quality of Coal Here and Nearness to Market Are Advantages

Paradoxical as it may seem, a general business depression is about the only thing that will remedy the present slump in the coal business.

This fact was brot out in an interview with William Green, international secretary-treasurer of the United Mine Workers of America, Tuesday afternoon. Mr. Green is spending a few days at his home on East Chestnut-st.

The remedy he suggests would probably be painful, he admits, but he believes that it is the only remedy that would have a noticeable effect. In time, he declares, the present depression will pass, and the business will get back to normal, but if there should be a general business depression, the normal stage would be forced into the coal business sooner.

The present slump in the coal business, which is especially noticeable in the mines of Coshocton-co and other pick-mining districts, is due to the period of deflation which the coal business is passing thru, Mr. Green pointed out.

During the war, he explained, the heavy demand for coal caused a great number of mines to be opened up all over the country. The many small mines opened in the outlying hills of Coshocton-co are a good example, he said. Many of the mines were far from market and good means of transportation, but with the high prices current at that time they could afford to haul the coal in any available manner.

Now the demand for coal has decreased and prices are naturally on the decline. The many new mines are struggling for existence. Money is invested in them, and they must be worked. The cost of production in them is greater than many established mines, and they are obliged in some instances to sell below cost in order to keep operating, Mr. Green said.

He explained that in the mining business, all mines are divided into two classes—the economical and uneconomical. In the latter class are mines containing only thin veins of coal and those whose physical condition will not permit the introduction of modern mining methods with ease. The mines of Coshocton-co fall in this class. The quality of the coal produced is excellent, Mr. Green declared, but the method of mining it will not give it an even

GERMAN CHILDREN STARVING SPEAKER TELLS ROTARIANS

L. B. Edgar, Columbus, a representative of the American Committee for relief of German children, addressed the Rotarians at their regular weekly meeting held at the Park hotel Tuesday noon, telling of existing conditions in Germany. Thousands of children, he said, are starving and unless relief is tendered the death toll will be great.

Mr. Edgar quoted General Allen, who said, "America never wages war on children." A campaign is now being carried on in the United States, and promoters have set their goal at $10,000. Mr. Edgar's plan purported to introduce the plan here. Later, it is believed, an organization in this county will be formed.

The expense of advertising, etc. is being borne by ten New York city men. The food and clothing will be purchased in this country, and then shipped to the destitute people overseas.

Several beautiful piano selections by Mary Margaret Hanley were enjoyed at the meeting today.

Booklets describing Camp Ona-wama, a Boy Scout camp for Coshocton-co and Newcomerstown boys, located on the banks of the Tuscarawas river, in which pictures of the camp and accounts of camp life are contained, were distributed among members of the club.

VICE RAMPANT IN CANTON, DRY AGT. TELLS GOVERNOR

COLUMBUS, April 22—A. O. J. Brooks, an inspector, in the state prohibition department, was called today by the prosecution in the hearing before Governor Donahey of charges preferred against Mayor C. C. Curtis, Canton, and his brother, E. E. Curtis, deposed safety director of that city. They are accused of failing to enforce prohibition and anti-gambling laws.

Brooks presented testimony concerning conditions in Canton between March 14, last, and March 22. He told of the alleged purchase of liquor, of the existence of gambling places and of numerous immoral women on the streets in the down town district.

It was during this period, he said, that a new vice squad was installed by Police Chief S. A. Lengel. After this change, Brooks testified, he was unable to buy liquor and said that 62 arrests, made by the new vice squad, had intimidated the bootleggers of Canton, according to Brooks.

Lengel was deposed by Safety Director Curtis, Brooks testified, and the "old conditions" returned, he said.

LESS ILLNESS, SCHOOLS HAVE HIGHER MARKS

100 Per Cent Attendance Attained by Grade School at Canal Lewisville

MONTH'S REPORT

More than 100 Schools of County Had Attendance of 90 Per Cent or Better

The Canal Lewisville grammer school was the only school to have a perfect attendance, 100 per cent, in the county schools during the past month.

The attendance, however, was much larger in all of the county schools in March. Less sickness prevailed. There were 25 more schools in the county with 90 per cent and more than the February report.

Following is the percentage attendance of the leading schools of this county for the month of March:

Adams-tp: Daugherty 98, Powell 93, Myser 96, Central 98, Hinds 96, Woods College 98.

Bedford-tp: McCurdy 97, Donley 90, Brush College 91, West Bedford high 92, West Bedford primary 93.

WIFE ACCEPTED ATTENTIONS OF PUPIL, IS CHARGE

Fred Walker today filed a petition for divorce from Ella Walker, in probate court. Both parties live in Bedford-tp.

According to the petition, the plaintiff and defendant were married on June 9, 1904, at Coshocton and have three children, the oldest of which is 19 years of age and the youngest 12.

Gross neglect of duty is named as ground for divorce.

Walker charges that his wife, while teaching in the public schools of Bedford-tp during the term of 1922 and 1923, became attached to a young man who was attending school. This attachment has continued ever since, the plaintiff claims, and has grown until the defendant has received attentions from the young man and has been seen in his company to an extent that she has caused comment in the neighborhood and brot humiliation upon the plaintiff and their children.

The plaintiff declares that he has repeatedly remonstrated with her in regard to her conduct, but, he claims, she informs him that her course of conduct in this respect will continue.

Besides a divorce, the plaintiff asks for the custody of their minor children.

Attorney J. C. Daugherty represents the plaintiff.

Coshocton-co Ranks Seventh in Ohio in Pick Coal Output

In the production of pick-mined coal, Coshocton-co ranked seventh in the state for the year of 1923, the April report of the Division of Labor Statistics shows, but in production it fell far behind.

Counties where coal is mined by machine and stripped showed the greatest total production.

Tuscarawas-co leads all in the state for the production of pick-mined coal with a tonnage of 411,348, from 131 mines. Muskingum-co ranked just above Coshocton-co with a total of 101,250 tons from 74 mines. Coshocton-co produced 100,852 tons from 69 mines.

In machine mining Belmont-co far exceeded all other counties with 13,272,618 tons from a total of 121 mines, including all mines in the county. Coshocton-co produced 193,250 tons by the machine mining method, and none at all by the strip method. Harrison-co leads in the production of stripped coal, with a [illegible]

In the state during the year total of 1,034,505 tons.

40,726,215 tons of coal were mined and of that number 25,530,921 were taken out by the machine method. The report covers 1,250 mines in the state.

Coshocton-co produced a total of 287 tons. Belmont-co showed the highest total production, with 13,421,259 tons

The attendance at both Sunday school and church in the morning was by far the largest for this conference year. There were 12 accessions to the church, making 24 since the last conference.

Newspapers of 75 Years Ago Printed Little Local News

Interesting copies of two old Coshocton-co newspapers have been brot to the Tribune office by Miss Elizabeth McCall of West Lafayette.

One, "The Progressive Age" was published in July, 1857, and the other, "The Democrat" was published in January, 1859.

With the exception of advertisements, and letters from subscribers, there are scarcely any local items in either papers. Most of the news was apparently culled from city papers, and as a rule, was political in nature.

"The Democrat," published in 1859, devoted space to the then coming presidential election and the slavery question, while "The Progressive Age," published two years before was filled with news of the prohibition movement and of a state treasury scandal.

Ringer expects to go to Akron Wednesday where he will make arrangements with the southpaw to hurl in the near future.

BULLET IS FIRED THRU WINDSHIELD OF WOMER'S AUTO

A mysterious bullet from a revolver or rifle fired by an unknown assailant shattered a windshield and passed thru the length of a car driven by R. J. Womer, mechanic at the Coshocton Chevrolet garage, Walnut-st, last night at about 8:30.

Womer received a call to come to the rescue of a stranded car on the West Lafayette road near Morgan Run. He and a friend answered the call. The man who ordered the car to come by phone refused to give his name. Womer found no car needing assistance, so turned his car around and was starting back to Coshocton when the bullet passed thru the back curtains and windshield, fortunately striking neither of the occupants. The fact that Womer leaned over to put on the cut-out is believed to have saved his life.

WARSAW MAYOR ADOPTS RIGID ENFORCEMENT

Declares War on Auto Ordinance Violators, Stray Dogs and Fowls

CUT-OUTS, TOO

Lays Down Law Also to Sidewalk Bicycle Riders in Village

In order to impress upon the residents of Warsaw the necessity of obeying the village ordinances, Mayor J. S. Beall announced Tuesday that he intended to open a campaign of rigid enforcement, severely penalizing violators if necessary.

He called particular attention to the ordinances regulating parking and speeding of automobiles, the use of muffler cut-outs within the village limits, and those providing for the care of dogs and chickens.

Automobiles must be parked on the right hand side of the street in the direction they are going and their speed must not exceed 15 miles an our anywhere in the village, reducing speed in the business district of the village. The use of muffler cut-outs within the village limits is strictly prohibited.

With the coming of spring and the garden season, stray dogs and chickens are becoming a decided nuisance, the mayor declared and village ordinances requiring them to be confined to the owners premises will be enforced.

Another ordinance which has been flagrantly violated in the past is the one prohibiting the practice of riding bicycles on the village sidewalks, according to Mayor Beall. An effort will be made to break the practice.

PNEUMONIA IS FATAL TO MRS. EUDORA GONDER

Following a two weeks illness of pneumonia, death came to Mrs. Eudora A. Gonder at the home of her daughter, Mrs. Albert Gonder, in White Eyes-tp Tuesday morning.

Mrs. Gonder was born in Athens-co, Ohio but lived the greater part of her life in this county. She was 77 years of age. William R. Dickerson, her first husband to whom she was married in 1870 died about 25 years ago. She was married to Joseph Gonder in 1901.

Mrs. Gonder was the mother of six children, four of whom are living. They are C. B. Dickerson of White Eyes-tp, A. F. Dickerson of Tunnel Hill, H. J. Dickerson of Conesville, and Mrs. Albert Gonder of White Eyes-tp. One brother, Eli Jones, lives in Athens-co.

During her entire life she has been a member of the Methodist Episcopal church.

Funeral services will be held tomorrow in the Union church near Tunnel Hill. The cortege will leave the Gonder home in White Eyes-tp at 11 o'clock Wednesday forenoon. Services will be in charge of the Rev. Mr. Harr of the Union church.

Coolidge Favors New World Conference on Armaments Limitation

MAKES KNOWN HIS POLICIES ON FOREIGN AFFAIRS IN PUBLIC ADDRESS AT N. Y.

Remain Out of League of Nations, But Engage in World Conferences for Peace and Betterment of Nations, He Advises—Nation Emerging from Period of Sordidness, He Says

BY GEORGE R. HOLMES
International News Service Staff Correspondent

NEW YORK, April 22—America stands ready to call another world conference for further restriction of armament and recodification of international law if the Dawes commission succeeds in settling the German reparations questions and Europe returns to a stability and composure that would be conductive to the success of such a gathering, President Coolidge told a distinguished audience of newspaper publishers at the Waldorf here this afternoon.

For the first time since he entered the White House, Mr. Coolidge dealt extensively with foreign affairs in a public address, and he outlined in general terms what he conceived to be the role that the United States can best play in the adjustment of world affairs toward the goal of international peace and understanding.

This role does not contemplate American entrance into the league of nations, the president said, "for our country refused to adhere to the covenant of the league with a decisive rejection that I regard as final."

But outside the league, the president declared he believed the United States could and should play a prominent part in promoting world betterment by frequently engaging in international conferences, by adhering to a world court of justice and by so conducting its own affairs as to demonstrate to other nations the unselfishness and desire for service that underlie American idealism.

This program, Mr. Coolidge thot, can be carried out without any impairment of America's political or economic independence and without any sacrifice of America's right to judge for herself what part she shall play in the world affairs.

He praised the Dawes report as a step toward European peace and stability.

"Nothing of more importance to Europe has occurred since the armistice," he said and expressed the hope that American capital will participate in the German loan which Dawes recommended.

15 FARMERS TAKE UP PASTURE WORK WITH CO. BUREAU

Thirteen Coshocton-co farmers have pasture demonstration plots established on their farms and two others have pledged themselves to carry out pasture projects under the supervision of the county agent.

With the establishment last week, by County Agent Musgrove, of pasture plots on the farms of Harry B. Lee, of Perry-tp, and Charles Wilson, of Oxford-tp, and the location of plots on the farms of Tracy Renfrew, of Keene-tp, and Harry F. Hotnem, of Adams-tp, the 1924 county pasture improvement program is practically outlined.

Pasture demonstrations were started in Coshocton-co in the spring of 1919, by the treating of plots on the farms of Irwin Porteus, Tuscarawas-tp, B. O. Stonsel, White Eyes-tp, and I. J. Stratton, Linton-tp. These three men have carefully carried out their projects thruout the five seasons, with the result that today they have splendid pasture plots which, they state, have conclusively demonstrated the economy of following the system of improvement recommended by the county farm bureau and the extension department of the state university.

In 1921 pasture plots were established on the farms of E. E. Dickes, Bedford-tp, M. A. Crile, Crawford-tp, T. S. Hamrickhouse, Franklin-tp, W. O. Martin, Mill Creek-tp and George McCoy, Virginia-tp.

In 1922 L. H. Moore, Monroe-tp, was added to the list of demonstrators.

Last year J. C. Passmore, of Jackson-tp, and Darling Brothers, of Jefferson-tp, started projects on their farms to demonstrate to other farmers of their communities the advisability of improving pasture lands thru re-seeding and fertilization.

County Agent G. C. Musgrove submits the following directions for pasture improvement—

"Apply, as early in the spring as possible, two tons of pulverized lime to the acre.

"Disk the ground immediately after the lime has been applied, being sure to get the disking done before May 1. The disking should be thoroly done, double disking and cross disking being desirable. It should, in fact, be continued until the ground looks almost like a poor job of plowing has been done which will require going over two, three, or in some cases, four times.

"Before disking apply 300 pounds of 16 percent acid phosphate per acre.

"Following the application of fertilizer the following mixture of grass seed should be sown per acre, using an alfalfa disk if possible: five pounds of Kentucky bluegrass, four pounds of timothy, four pounds of red top, three pounds of orchard grass, two pounds of medium red clover, two pounds of alsike and two pounds of sweet clover.

"No drag tool of any kind should be used after the disking has been done. If a hand seeder is used the seed should be applied just before the last disking. It is, however, much more desirable to use a disk grass seeder.

"The demonstration area should not be pastured during the first half of the season, as livestock will pull up the young grass before it gets sufficient root system to hold itself to the ground. Light pasturing the latter part of the season will do no damage to the demonstration but even then it should not be pastured too closely. Livestock that is turned into the field where the demonstration plot is located will spend most of the time on this plot because of the better quality and variety of grasses there."

FARMERS WILL MAKE AUTO TOUR TO WOOSTER FRIDAY

Quite a number of Coshocton-co farmers are planning to go on the annual Coshocton-co stockmen's tour to Wooster, Friday, April 25, to attend the annual Livestock Day exercises at the Ohio Agricultural Experiment Station.

County Agent G. C. Musgrove announces that the tour will start at the county farm bureau office, on Hickory-st, at 6:30 a. m., Friday, and go north by way of Keene, Bloomfield, Millersburg and Holmesville. Those north of Coshocton who will go, are asked to join the tour enroute.

According to information received by County Agent Musgrove from G. Bohstedt, chief of the animal nutrition department at Wooster, the Livestock Day program will be started the evening before, Thursday, April 24. At 5 p. m. Thursday, the various lots of cattle at the experiment farm will be appraised by a committee of market experts from the Pittsburgh stock yards.

A special program has been arranged for the annual Stockmen's Dinner, to be held in the Wooster People's Savings and Loan building, Thursday evening at 6:30. The program will include a showing of the U. S. Department of Agriculture film, "Sir Loin of T-Bone Ranch."

DANCING OPENS ON LAKE PARK FLOOR THURSDAY EVENING

The dance pavilion at Coshocton Lake Park will be officially opened for the summer season Thursday evening, April 24, F. D. Johns, owner, announced Monday.

Among the improvements made in the hall for this season is the removal of the orchestra box from its old position over the heads of the dancers at the south end of the hall to a floor position along the east side. It is believed that the change in the position of the orchestra will make the dance music more readily audible in all parts of the pavilion.

For the opening dance the hall will be fittingly decorated, and Mr. Johns is anticipating a large attendance.

EVELYN SCORNS THAW MILLIONS; FIGHTS FOR SON

By JAMES L. KILGALLEN
Copyright 1924 by International News Service

PHILADELPHIA, Pa., April 21.—"Harry K. Thaw's mother may be fighting for her boy, but I'll tell you I'm fighting for mine.

"I have only one thing to live for, my boy Russell.

"I'm just Evelyn Nesbit. I don't matter. But Russell Thaw does."

Evelyn Nesbit — Evelyn of the cabaret, blase, world wise and disillusioned—proudly and with fire in her soft brown eyes—made these statements in an exclusive interview today. Against the advice of her counsel she consented to talk upon Thaw's sanity trial, which was resumed here this morning.

"Thaw's money—Bah! I do not want it for myself," she exclaimed. "But I will not stand by and see my boy deprived of what rightfully belongs to him."

There was a pathetic tinge in her voice as she said "my boy."

"I've been fighting for my boy since the terrible days of the Thaw murder trial. I don't want to complain—I'll carry my cross but I certainly haven't had any assistance from the Thaws.

"I've worked; I succeeded in vaudeville for a while, then ran into hard luck and then failed in running my tea room in New York. This was ups and downs, flashes of success, bitter failure.

"All this time the Thaws spent their millions on Harry Thaw, a mental and moral defective.

"I shifted for myself—fighting all the way for myself and Russell.

"And now, when I have pulled the loose threads of my life together and attained a measure of success —I am part owner of the Palaise Royale in Atlantic City and have made some fairly good real estate investments there—and when I am at last able to really afford an education for Russell, up bobs the Thaw scandal."

Miss Nesbit spoke scornfully of the Thaw millions and of the usage to which she claimed it was put. She referred to Harry K. Thaw, pityingly; to his genteel 82 year old mother, Mrs. Mary Copley Thaw, most bitterly.

"The Thaws," she declared, "haven't enough money to ever repay me for what I did for Harry Thaw. I wrecked my life for him. His mother never as much as said thank you.

"When Harry Thaw got a divorce from me he got it 'in camera' (in secret). He used names of men as co-respondents who I do not know, never did know.

"I predict if he gets his freedom now both he and his mother will do all in their power to blacken my reputation."

She praised William Travers Jerome, the prosecuting attorney in the Thaw murder trial, as a man whose ability "all the world recognizes."

She said whether she would testify at the present trial depends entirely upon her attorney Wm. A. Gray but "she is ready."

"One thing will come out," she predicted, "and that is that Harry Thaw tortured more than rabbits."

She declined to amplify this statement.

She said if Thaw is given his freedom the judge and jury should be held responsible for his future acts.

TRAGEDIENNE DIES IN PENNA.

PITTSBURGH, Pa., April 21.—The curtain went down for the last time in the life play of Mme. Eleanora Duse, the 64-year-old famous Italian tragedienne at 2:30 o'clock this morning when she died at a local hotel here after suffering two weeks from influenza.

"La Duse's" death was unexpected as it was reported late yesterday that she was somewhat improved.

BABY IS FOUND IN CATHEDRAL

CLEVELAND, April 21.—As the custodian of St. John's cathedral made his last round last night, he heard the faint wail of a baby. A search revealed a dark haired, blue eyed baby boy, a few hours old, wrapped only in heavy paper.

Police were summoned and took the waif to St. Ann's hospital where the sisters, in honor of the place where he was found, have named him "John Church."

An effort will be made to find a good home for him.

Truss Experts COMING To Coshocton

W. S. Rice of Adams, N. Y., originator of the famous Rice Method for Rupture is sending his personal representative to Coshocton, Ohio. He will be at the Park Hotel, Monday, April 21, and at Twin City Hotel, Uhrichsville, Thursday afternoon and evening, April 24, and Friday, April 25, from 9 to 12 a. m. only. Every ruptured man and woman should take advantage of this great opportunity.

The Rice Method for Rupture is known the world over. You can now see this Method demonstrated and have a Rice Appliance fitted to you. Absolutely no charge unless you are satisfied to keep the Outfit after having the Appliance adjusted and you see how perfectly it holds. Can be worn night and day with positive comfort. Soft, rubber-like composition pad, any degree of pressure required.

The Rice Appliance is different from anything else. It is modern up-to-the minute, abreast of the latest scientific developments. It is the one Method that you are not asked to take on faith alone—the one Method that is positively demonstrated to you, right on your own person, without any charge whatever. You do not spend a penny unless, after having a full and complete demonstration, you decide that this is the Method for you.

Don't wear ordinary trusses all your life when thousands have reported permanent relief through using the Rice Method. Why suffer the burden of rupture if there is a chance to be free from truss-wearing forever? Anyway, it will cost you nothing to come in and learn all about the Rice Support and the wonderful opportunity for help and recovery it offers in your case. Remember the Rice Representative will be there only one day, then your opportunity will be gone. Hours 9 to 12 a. m., 2 to 5 p. m., or 7 to 9 evenings.

Don't miss this great opportunity to see this representative.

TODAY'S BRIGHT SPOT

Isn't there a frequent reference to the giving of hostages in exchange with savage tribes in the Latin books that every high school and college boy has studied? There is, but there is nothing said about hostages to filling stations and the savage tribes that haunt them. But the sudden outburst of spring weather the other day taught one university boy the meaning of the word hostage. Classes seemed an idle pursuit in such lovely South Seas weather, so Ralph Kersage, of Ohio State University, bethot himself of a certain sweetie who neatly occupied the other seat in his father's small car. The party was arranged as classes seemed futile to the sweetie, too. They rolled along, over hill and dale, as it were, until far in the country. Then the machine stopped. No gas. But there was a filling station a few yards away. They got a gallon or two. Then they found that neither had money. The crafty countryman by the tank couldn't see himself in the role of Santa Claus, and so forced the young university lad to stay by his side while sweetie drove into town for the 44 cents. But she had to bring more, for the gas was going all the while.

Now the "Hostage" stands a lot of campus kidding.

ELYRIA—Sheriff Fred Underhill and deputies arrested four Lorain men in a liquor raid and confiscated 12 gallons of corn whiskey. Leon Leach was fined $1000. Oscar Smith was held for the grand jury on a charge of carrying concealed weapons, and Philip Baker and Walter Davis pleaded not guilty to charges of transporting liquor.

OBERLIN—Oberlin folks are polishing up their firearms following the burglarizing of six homes. Only small amounts of money were taken.

BELLAIRE—During the presentation recently of "Up In Mabel's Room" in a local theatre Ray Forth, one of the cast, received a telegram announcing the death of his brother, the latter's wife, and their little daughter, in a rooming house fire at Houston, Texas. The trio were part of a theatrical company playing the "Why Worry Follies."

ST. CLAIRSVILLE — Charging that her husband not only threatened to hang her to a tree, but specified that it would be an apple tree, Mrs. Hester Chordas has filed suit for divorce. In addition to the apple tree threat, Mrs. Chordas states that Steve threw plates with deadly accuracy in the restaurant he owned.

TILTONVILLE — Twenty-two nationalities are listed by Principal J. H. Mullenix of the local schools among the 549 pupils enrolled. Native born Americans form less than 50 per cent of the enrollment. There are 100 Hungarians, and only two negros.

LOGAN—Persons just back from the wild district about Old Man's Cave report that the rocks about that famous scenic spot are covered with tons of ice. The spring sun and breezes have failed to reach the region, one of the most beautiful in Southern Ohio.

NELSONVILLE—City and township officials plan to appeal to Governor Donahey and the miners' union of Ohio for aid in devising relief for many suffering families of coal miners in the Hocking Valley. The miners have just voted down an offer of the operators to meet in joint session to discuss differences.

OTTAWA—Probate court officials trace to the slump in farm products the alarming fact that not a single marriage license has been issued in Putnam county this month." Farmers think twice before marrying these days," they say. Ordinarily the county issues about 25 licenses a month. The officials hope Easter will soften the hearts of the agriculturalists.

ELYRIA—The Cleveland, Columbus, and Southwestern Electric Company has put twelve new cars into operation between Cleveland and Bucyrus and Cleveland and Wellington, with branches to Wooster, Grafton, Amherst and Lorain. The new cars are lighter and the company believes it will economize more with cheaper cost of power.

BUCYRUS—A torch used by a painter in removing paint and oil started a $1000 fire in the home of John Menninger.

POMEROY—Jacob Williams has risen from a devil to a power in the Methodist Church in Minnesota. Leaving his job in a printing shop here years ago, Williams went West, took up a claim, and later entered the ministry. He is now a district superintendent.

GLOUSTER—Three youths from Mineral got in bad lately because they mixed lemon extract with church attendance. They admitted doing what church people say they did at the service and paid stiff fines.

NELSONVILLE—A branch of the Athens county Auto Club has been opened here in the Dew Hotel.

MARTINS FERRY—Mrs. Rex W. Jamieson, wife of a former local United Presbyterian minister, who now has a pastorate in Columbus City, Ia., has been elected to the city council there. A women's ticket won every office in a recent election.

NELSONVILLE—With hundreds of miners idle, repair work on street paving has been delayed until a survey shows the better distribution of the available work to the heads of mining families which are in the most need.

LOGAN—The Depot Hotel, widely known among travelers in southeastern Ohio, has been taken over by Ralph Moore, a former partner in the business. J. A. Ulrich managed the hostelry for years.

OBERLIN—Authorities are trying to trace the source where Oberlin High School boys are buying bootleg whiskey. One boy who reported to school drunk was suspended. Another high school student was arrested for intoxication, and three other boy students were reported so drunk that they had to spend the night in a local hotel. One of the boys told Mayor H. F. Smith that they chipped in a dollar each for the whiskey.

ELYRIA—Seven members of the U. S. Department of Agriculture, under the direction of John W. Baringer, are in Lorain county making a city wide and farm-to-farm campaign against the European barberry bushes which harbor a fungus which causes the black stem disease of wheat, oats barley and rye. The disease has caused an inestimable loss to farmers.

MEDINA—John McNulty, of Louisville, Ky., and Robert Sharkey are in a serious condition from drinking wood alcohol here. McNulty is recovering but little hope is entertained for Sharkey. Born are about 50 years of age.

DEFIANCE—"That Shall Not Steal" became the slogan of Democrats in the fifth congressional district in a recent meeting when four candidates, one a woman, began campaigns for nomination as congressional representatives. Speakers denounced "Republican graft and mismanagement" and urged the Biblical commandment as a slogan.

YORKVILLE—Goats and geese are running too loose. From now on the fine is from $1 to $25. Gotta stop, says city council.

LIMA—An agreement to marry her employer after he had promised to buy her an automobile was broken recently when Judge F. C. Becker in common pleas court, granted a divorce to Yosh Okagi, Lima restaurant owner from his wife, Thelma Okagi. Okagi brot divorce proceedings against his wife when he charged that she had been intimate with other men. This charge, he said, cancelled the automobile agreement, also

OTTAWA—Gebhard Gasser, bachelor farmer, is land poor, he testified at his bankruptcy proceedings. He doesn't own a dime's worth of personal property, he said, but has 315 acres of land, worth $45,810. But the mortgages total $21,000.

LOGAN—That grand old ballad of pre-Volstead days is as definite a clue as a corkscrew and a package under the arm that drips. Five young men standing beside an automobile the other night singing "Sweet Adaline" attracted the immediate attention of officers. Mr. Law came nearer, had bottles crushed. Five jailed for possession.

MIDDLEPORT—A great tow of Allegheny River coal passed down the river for Portsmouth recently. It was the first coal from this river ever seen on this part of the Ohio River and it is the first coal tow from the Pittsburgh district that has gone farther south than Wheeling in six years.

IRONTON—Word has been received of the recent death in Syracuse N. Y. of Harry C. Pierce, 51, former manager of the Solvay Process Company plant here. Mr. Pierce died suddenly while driving with his wife and daughter, collapsing over the wheel of his car.

Women to attract must
Radiate Health!

BEAUTY is the magnet which draws all eyes—and back of beauty—Health—working silently. Red blood tingling through the veins;—the glow of youth in the cheeks;—the spring of eagerness, of vim, of vitality in the walk;—the ever graceful air, unrestrained by care or worry.—All the charms of beauty. All the works of health.

Men are fascinated by the charms of beauty. Women gaze with envy, secretly jealous, perhaps—wondering—hoping—praying for that attractiveness that is not theirs.

But why the wondering—the hoping—the praying for that craved-for attractiveness—that beauty. Good looks is the barometer of one's condition. Good health radiates beauty. S. S. S. purifies the blood—creates new red blood cells—rids the system of impurities which make beauty and attractiveness impossible. As women to attract must radiate health so must they keep their systems free from impurities and their red blood cells ever increasing. S. S. S. does both.

S. S. S., since 1826, has been ridding the system of impurities—pimples, blackheads, boils, eczema and rheumatism—building red blood cells—aiding women to be attractive by radiating health. S. S. S. is made of carefully selected herbs and barks, scientifically prepared and proportioned. All good drug stores carry S. S. S. It is more economical to purchase the large size bottle.

VIOLATIONS OF ANTI-TRUST LAW TO BE PROBED

(By WM. K. HUTCHINSON)

WASHINGTON, April 21—The Daugherty investigation was directed today for the first time into charges of laxity on the part of the department of justice in enforcing the federal anti-trust laws.

Under a program laid down by Senator Wheeler, Democrat of Montana, the committee planned to devote the entire week to an investigation of Attorney General Daugherty's enforcement of anti-trust dissolution decrees. The first case to be brot up was the so-called "tobacco trust" case and and a number of railroad cases.

The tobacco case it was said, will produce a new sensation and the committee summoned Houston Thompson, chairman of the federal trade commission, as a surprise witness. Thompson was to tell of complaints issued by the commission against various concerns reported to be violating the trust laws. Committee members said Thompson would also reveal laxity on the part of the department in prosecuting these complaints.

In the tobacco case, it was said, a number of concerns combined to fix the prices paid to farmers for their tobacco crops and subsequently combined to fix the prices paid by consumers for the finished product. The railroad cases were reported to center around court decrees ordering various carriers to separate from water and trolley connections.

The separate investigation of Senator Wheeler's "fitness to hold office," conducted by the Borah committee, as a result of his indictment by a federal grand jury in Montana, called off its scheduled hearing for today. According to Senator Borah, Republican of Idaho, chairman of the committee, the committee will meet again Wednesday to hear witnesses now enroute here from Montana.

EXPERT TESTIFIES THAW IS UNFIT TO HAVE HIS FREEDOM

By JAMES L. KILGALLEN

PHILADELPHIA, April 22.—"Harry K. Thaw in my opinion has not been restored to a normal state of mind. If released, I believe he would again commit some abnormal act."

Dr. Charles W. Burr, of Philadelphia, specialist in mental and nervous diseases in the University of Pennsylvania made these statements on the witness stand today in the Thaw sanity trial. Dr. Burr was the first witness.

Burr said that he had at the request of Arthur Dickson, attorney for Thaw estate examined Thaw three times.

"Thaw is suffering from mental insanity, although there was no evidence of intellectual insanity," he testified.

"Physically Thaw is in excellent condition."

"Thaw converses in a rather rational way, I found, although at times he becomes confused.

"I don't think Thaw can take care of himself. He probably would commit some abnormal act if released from discipline."

Thaw listened to Dr. Burr's testimony intently. The slayer of Stanford White was carefully groomed. He wore a neat dark blue suit. He took a seat at his counsel's table.

The court room was packed to capacity with men and women. It was warm and Thaw constantly mopped his face with his handkerchief.

Mrs. Copley Thaw, 82 year old mother of Harry Thaw arrived in the court room while Dr. Burr was in the midst of his testimony. She was heavily veiled.

Proceedings were stopped while Mrs. Thaw took a seat among the spectators in front. She glanced at her son affectionately and he nodded a smile back at her.

EASTERN OHIO LEAGUE NEWS

The league is faster this year than ever.

That's the general opinion of the fans around the Eastern Ohio Loop who witnessed the games played in the circuit Easter Sunday.

The Zanesville Grays displayed that fact that they were real contenders for the flag this season by virtue of their victory over Barnesville Sunday. Manager Walker has splendid willow department material for his club. He has a well balanced club both on the offensive and defensive.

Jim Vaughn. "Lefty" Spencer and Mike Miller are a big help to the Cambridge Afefas. Vaughn snatched a victory from the hard hitting Mount Vernon aggregation last Sunday. Manager Scott is also a reliable man and can hit and field to the satisfaction of the Cambridge supporters.

Mount Vernon is much stronger this season than last. They have been strengthened by "Goat" Channel, Lew Woerth, A. Reilly and Popejoy. All are heavy hitters and just as good in the field. Manager Yingling will do a big part of the twirling. He has had big league experience.

Barnesville has a heavy hitting club. In Sunday's game the Hill Tops rapped Kime rather hard at times and had the Grays worried. Kime finally pulled thru and won over the visitors. Manager Bradfield has built up a club with a real punch.

The Pure Oils, another new club in the league, is no weak "sister" by no means. They put up a remarkable game of ball against the prominent Coshocton Regulars. Sunday's game was the best around the circuit Sunday. Manager Schweitzer says he expects to strengthen his club.

Altho the Columbus Mendels and the New Philadelphia Noakers did not get to show their wares on account of wet grounds Sunday, they are touted as fast clubs and will no doubt give the remainder of the contestants a lot of trouble before the season is half over. New Philadelphia is headed this year by experienced league officials and is loud in its claim for pennant consideration. So is Columbus. Manager Ansel of the Mendels has signed Donalds, as pitcher and Crossen has succeeded the veteran Friend as catcher.

Those who saw the Easter game at Lake Park know what kind of a club the management is placing in the field this season as a contender. The Regulars are doped to repeat this season. They were at the top when the 1923 season ended.

Dalrymple is a big help to the club at third sack. Evans plays well at his new position at second. With Atchinson, Greber, Storch, Evans and Hildebrandt hitting in mid-season form Coshocton need be afraid of no other club in the loop.

The Regulars will have a real test of their ability next Sunday when they face Jim Vaughn.

HELP THAT LAME, ACHY BACK!

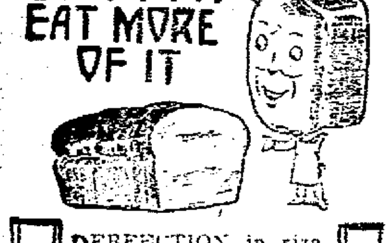

ARE you dragging around, day after day, with a dull, unceasing backache? Are you lame in the morning; bothered with headaches, dizziness, and urinary disorders? Feel tired, irritable and discouraged? Look, then, to your kidneys. These are common signs of kidney weakness. Don't risk neglect! Help your kidneys with a stimulant diuretic. Use **Doan's Pills.** Doan's have helped thousands. Are endorsed by home folks. **Ask your neighbor!**

A Coshocton Case:

Wm. G. Hay, retired farmer, 610 S. Lawn Ave., says "My kidneys seemed out of fix. They became weak and caused annoyance by acting frequently. This had me feeling rather mean. My back always felt tired and a heavy, dull pain settled in the small of my back. I began using Doan's Pills and was relieved of the trouble."

Kansas Wins 10 Rounds From Johnny Dundee

BUFFALO, N. Y., April 22.—Johnny Dundee, featherweight and junior lightweight champion, took a pasting from Rocky Kansas, Buffalo lightweight in a ten round bout here last night. The official decision was won by Kansas, who led every round, nearly knocking out the champion in the first round and flooring him twice in the seventh round. No title was at stake in the bout. Kansas immediately issued a challenge to Benny Leonard, worlds champion and announced he would post a forfeit of $2500 with the state athletic commission to back up his defi.

Tagging The Bases

Jess Barnes had his old teammates eating out of his hand for seven innings. The Giants smote him for the necessary runs to win 2 to 1.

Five pitchers took part in the slugging bee between the Cardinals and Pirates, the former winning out with a six run rally in the seventh, 11 to 9.

The world's champion Yankees checked their losing streak of four games when Joe Bush twirled them to victory over the Senators, 4 to 2.

De Berry's home with two on, in the tenth, gave the Dodgers a 7 to 4 victory over the Phillies.

Three successive singles off King Alexander, who weakened in the tenth, gave the Reds a 2 to 1 win over the Cubs.

Rommell knocked the Red Sox out of a tie for first place when he twirled shutout ball, the Athletics winning 4 to 0.

SLUGGISH LIVER DURING SPRING CAUSES POISON!

This is the time of year when your liver becomes sluggish and your intestines become clogged up with poisonous waste. Your liver does not properly purify blood that flows to your skin. The result is sallow complexion, dark circles and pimples, coated tongue and bad taste mornings. As these poisons continue to flood your system, your resistance is lowered, you feel dull and tired and sick.

Make this test! Cleanse and tone your liver with Dr. Thacher's Liver and Blood Syrup. Contains pure ingredients prescribed by physicians. Helps nature stir sluggish liver, stimulates, soothes tired and overtaxed nerves, builds up system and purify your blood. Notice quick difference in what you look, eat, sleep and feel. You, too, will be satisfied, as others have, or no cost.

Dr. Thacher's Liver & Blood Syrup is sold and recommended by Wimmer-Arnold Co. and Page & Lorenz in Coshocton and by leading druggists in every city and town.

Wear LYNDE Clothes once, and they'll give you such satisfaction you'll never want any others.

TENNIS CHAMPION WANTS CLEAN BILL OR HE WON'T PLAY

(By DAVIS J. WALSH)

PHILADELPHIA, Pa., April 22.—William T. Tilden, II, national singles tennis champion, today added word of mouth testimony to his letter to The United States Lawn Tennis Association, declaring that only the most complete vindication of his amateur status would persuade him to compete in the Davis cup matches and others under the auspices of the body in question. Tilden made it very clear that unless this vindication is forthcoming he will no longer be seen on the tennis court under amateur guise.

"The report of Holcome Ward, made public on Saturday leaves me no alternative, but to tender my resignation as a member of the Davis cup team and other teams promoted by The United States Lawn Tennis Association." Tilden declared." He and they have declared me an "evil influence" to the younger generation in tennis. Rather than be that, I will step out of competition altogether. Upon being assured hat Mr. Ward has made a mistake in his phraseology or that he was not justified in writing what he did, I will be only too glad to resume my tennis playing in defense of the Davis cup. Otherwise I am thru and glad of it."

Tilden was exercised over certain paragraphs in Mr. Ward's report to the amateur rule committee referring to the champion by name as a bad example to the younger generation, by the fact that he made money out of tennis writing. He seemed to think that Mr. Ward exceeded the bounds of polite ethics.

"The fact that he referred to me by name, made his report a personal attack upon me," the champion said this morning. "Mr. Ward is an estimable gentleman and unquestionably knows very much about lawn tennis. As a rule he writes exceedingly good reports. In the present case, I cannot agree with what he says. He has characterized me by name as a menace to the good name of lawn tennis and if I cared to, I could riddle his report full of holes. I do not care to. I have been careful to do most of my talking to the tennis association. They have been careful to do most of their talking for the benefit of the newspapers. I leave it to the public to be the judge in the matter."

LAWRENCE'S LETTER

COPYRIGHT, 1924, BY DAVID LAWRENCE

Dawes' Anti-Labor Attitude May Cause Him to Lose Chance at Republican Nominations

WASHINGTON, April 22.—Organized labor is up in arms over the suggestion that Charles C. Dawes be made temporary chairman of the republican national convention or possibly the vice presidential nominee with President Coolidge.

Labor's fight against General Dawes dates from his notable visit of a year ago to the late president Harding in Florida when he disclosed to the latter his convictions on the need for the "open shop" in America. Mr. Harding subsequently issued to the press a denial that he had endorsed any program of the that kind. On the return of Mr. Dawes to Chicago an organization known as "The Minute Men of the Constitution" was launched with circulars supporting the injunction obtained by Attorney General Daugherty in the shopmen's strike. The fight has continued ever since and cropped out recently in the primary campaign in Illinois, when Joseph A. Wise, candidate for delegate at large to the republican national convention, wrote a letter endorsed by the Illinois state federation of labor. The communication was sent to the secretary of the Minute Men's organization and said in part:

"If elected a delegate I will not accept the personal views or platform of Mr. Charles C. Dawes, chairman of the board of the banking corporation known as the Central Trust Co., as a substitute for the basic law of the land even though Mr. Dawes insists that in organizing the so-called" Minute Men of the Constitution' his former title of 'General' in the quartermasters' department of the army should be used and that no reference be made to his well-known financial and political affiliations."

"His so-called platform, I repeat, was made public following his sojourn with Attorney General Daugherty in Florida and the words 'endorsing the announced position of the government' with reference to the so-called right to work and right to quit relate to the official position of the present government or administration in regard to labor as officially anounced by Attorney General Daugherty in his statement before Judge Wilkerson in the federal court in this district where he procured the arbitrary injunction against the railroad workers then on strike.

"Later Mr. Dawes amended the circulars through which he had been broadcasting his platform by inserting a statement that he really was not promoting an 'open shop' scheme.' It seems to me significant that you omit his statement on this point when you present his platform or private constitution to me for endorsement. When he offered his explanatory statement, however Mr. Dawes took occasion to attack in an unscrupulous manner several trade union officials kown for their service and loyalty to the nation and he did this at a time when these same officials were under attack from some of the most notorious communists in the United States."

The foregoing excerpts reflect the views of the national labor organization known as the American Federation of Labor who have been broadcasting in the last few weeks copies of the same with the heading "Illinois Labor Jolts Scheme of Dawes for Anti-Union Plank in Party Platform."

Inquiry at the white house today revealed the fact that no decision had been made by President Coolidge with reference to the temporary chairmanship of the republican national convention. Many names are under consideration. No comment was made on the suggestion that General Dawes be chosen. It seems unlikely however that the Coolidge administration would care to become entangled in the "open shop" controversy on the eve of a presidential campaign as it is usually considered better strategy to avoid unnecessary antagonisms election year.

LE DUSE'S BODY TO BE TAKEN TO ITALY FOR BURIAL

PITTSBURGH, April 22—The death-bed wish of Mme. Eleanora Duse, will be respected and her body will be buried in a little cemetery behind an old stone church at Asolo, near Venice, it was made known here today.

The famous tragedienne's love affair with Gabriele D'Annunzio had Italy as its stage and members of her troupe here believed Duse wanted her mortal remains to rest amid the ruins of her castles of dreams.

The body of the actress will be placed aboard the Italian liner Duilio sailing from New York for Genoa May 1.

A COMMON SENSE PLANTER

One of the things you will like best about the INTERNATIONAL CORN PLANTER, is the practical commonsense way it goes about its work.

When you see it in action, you note the accuracy with which the kernels are dropped, how they are all placed in the bottom of the furrow, how easy it is to adjust the tongue for teams of various heights, keeping the boots level, and making the hills easy to cross-cultivate.

This Planter can also be set to drop full hills without the use of check wire by the addition of a simple power attachment. The change from checking to drilling can be made any time by pressing down a small foot lever. Fertiler, Bean and Pea attachments if you want them.

These are features that make a Planter valuable and desirable. There are other good featurse we can show you, if you will com in before you buy your Planter.

Alphi Pi's Annual Easter Dance is Delightful Event of Season

Foremost among the post-Lenten gaieties was the annual Easter dancing party given by the Gamma chapter of Alpha Pi fraternity, Monday evening, in Moose hall.

One hundred and forty persons enjoyed the affair which was beautifully appointed in every detail. Partially hid from view behind an embankment of ferns and palms, the Green Imps orchestra, of Denison University, Granville, entertained with a program of unusually splendid music. They were repeatedly encored by the dancers and were considered by many to be the best orchestra to appear at a local dance. Quantities of red, white and blue crepe paper, in strips, ended in a festoon hung low over the center of the room. Varicolored lights, arranged in the four corners of the hall, produced the desirable effect.

Between the hours of 8 and 12:30 o'clock, punch was served in the small adjoining rooms. Chaperones for the event were Mr. and Mrs. Reid Wilkin and Mr. and Mrs. D. Garvey Gayle. Other persons present were Mr. and Mrs. Robert Q. Baker, Mr. and Mrs. Thomas B. Anderson, Mrs. Charles Gill, Mrs. C. R. Bell, Mrs. Marcia Post, of New Philadelphia, Mr. and Mrs. T. S. Constipation lays you wide open to other diseases—relieve it with Kellogg's Bran

Don't take chances with constipation! This terrible ailment can send poisons into your system which may lead to serious diseases. The longer those poisons accumulate, the more dangerous they become. Begin at once to free your system from them.

Eat Kellogg's Bran. If eaten regularly, it is guaranteed to relieve the most chronic cases of constipation, or your grocer will return your money. It is nature's own way to make the intestine function naturally and regularly—for Kellogg's Bran acts exactly as nature acts. It makes forever unnecessary the use of habit-forming drugs and pills.

Kellogg's Bran, cooked and krumbled, has proved successful when all else has failed. This is because Kellogg's is ALL bran. Doctors everywhere agree that only ALL bran can be 100 per cent effective—they recommend Kellogg's Bran.

Eat at least two tablespoonfuls daily—in chronic cases with every meal. You will like it. You will enjoy the delicious nut-like flavor—the exclusive Kellogg flavor.

Eat Kellogg's Bran, cooked and krumbled, with milk or cream. Sprinkle it over other cereals. Cook it with hot cereals. Try it in wonderful bran muffins, bread, griddle cakes and other recipes given on every package.

Kellogg's Bran is the road back to health. It is made in Battle Creek and is served in individual packages at the leading hotels and clubs everywhere. Ask for it at your restaurant. It is sold by all grocers.

CHURCHES HAVE A GOOD ATTENDANCE

Good attendances prevailed in every church Sunday during the Easter programs and services.

At the M. E. church Dr. J. W. Dowds, of Cambridge preached a sermon on Sunday morning. Preceding the sermon the Epworth League of the church held sunrise services in the church.

A musical program was rendered in the evening and in addition a short talk was given by the pastor.

At the Lutheran church Sunday afternoon a cantata was held.

Easter programs were observed in the Presbyterian church and in the M. P. church.

ACCIDENT VICTIMS HAVE RECOVERED

Charles Crater, Dilford Beiter and Robert Adams, all of Newcomerstown have recovered from the slight injuries they received late Saturday night when their auto crashed into the rear of a wagon drawn by horses driven by Jess Johnson, near Newcomerstown, on the Newcomerstown-West Lafayette pike at Poland's store.

The boys hold out that Johnson had no rear light on his wagon so the driver of the machine could see where he was going.

No one was seriously hurt.

HIGH SCHOOL BALL TEAM PLAYS FRIDAY

The Newcomerstown high school baseball team will open the season by playing Gnadenhutten on the latter's diamond Friday afternoon. Coach Donohoe has some good material for his high school team this season.

Max Julien is slated to do the twirling for the Newcomerstown club. A fast game is anticipated. Murphy will be on the receiving end of Julien's twisters.

LEAGUE AND CLASS MEETINGS THIS EVE.

The Friendship class of the M. E. church will hold a covered dish social this evening at the church. Each member is to bring a dollar they have earned.

The Epworth League of this church will also hold a social and business meeting with Mildred Wilson, East Canal-st, Tuesday evening. All young people of this church are urged to be present.

HEAVY TRUCK IS TAKEN FROM DITCH

A huge truck, said to have belonged to the Brode contracting company in Newcomerstown was removed from off the side of the Newcomerstown pike Monday. The truck was accidentally driven off the road the wheels buried themselves in the soft dirt. The truck remained there a day before it could be moved.

LEECH SERIOUSLY ILL FROM PNEUMONIA

Charles Leech, aged about 25, was reported in a dying condition at his home on Main-st, suffering from pneumonia. He has been seriously ill since Sunday. He was stricken a week ago with a severe cold.

REDECORATE M. E. CHURCH THIS WEEK

The M. E. church is to be redecorated inside and out, some time this week. Whether the Sunday services will be in the church or not, will be announced later by the pastor.

MINISTER'S WIFE ATTENDS MEETING

Mrs. Glenrole McQueen, wife of Rev. McQueen will attend the Women's Presbyterian Missionary meet in Minerva, O. on Tuesday and Wednesday of this week.

Rev. McQueen was in Brilliant, O., today where he is attending the Steubenville Presbytery. Duncan McMillan went with Rev. McQueen.

COULTERS TO MAKE HOME IN COSHOCTON

Mr. and Mrs. Clarence Coulter, who have occupied the C. W. Miskimen property on West State-st will move to Coshocton to make their home.

Mrs. Hannah Allen and son William Allen, of Wheeling, W. Va., have purchased the Miskimen property.

PLAY MAKES A HIT

The sixth grade operetta, "A Mid-Summer Eve" in the K. of P. hall last Thursday evening by the pupils was a big success from every standpoint.

The play was directed by Clyde Barthalow, teacher of the sixth grade. He was assisted by Miss Helen Gefeller.

The hall was packed.

MARRIAGE LICENSE

Leslie McKinley Hedges, clay worker, Newcomerstown to Orlena May Dodd, clerk, Newcomerstown, Monday.

DANCE AT DOVER

Among the number who attended the dance in Dover last evening were Helen Gefeller and Ruth Davis, both of Newcomerstown.

MAJOR ROBBINS GIVES FACTS TO THE PUBLIC

Well Known Citizen Thought Indigestion Would Prove Fatal—Gives Tanlac Credit For Present Good Health.

Major W. W. Robbins, a prominent citizen of Indianapolis, Ind., residing at 1530 North Illinois St., recently had the following to say regarding his experience with TANLAC:

"Three years ago I suffered a nervous breakdown with serious derangements of the stomach. I had frequent attacks of acute indigestion, two of which proved almost fatal. I also had a tired feeling, loss of vitality and went down in weight.

"Failing to get beneficial results from other sources I resorted to TANLAC. After about five weeks of the treatment now my appetite is exceedingly good, my weight is on the increase and I am a great deal stronger. [illegible] have my friends [illegible] looking well, and [illegible] pleasure to tell them that TANLAC [illegible] system builder I have ever found."

Timely Tips and Suggestions on the Latest Diagrams and Hook-Ups—Simplified

RADIO CURRENTS MUST BE HALVED

High Frequency Currents Will Not Operate Telephones

Continued From Yesterday
By CARLTON E. BUTLER,
Radio Engineer.

Yesterday I explained that if the headphones were connected across the aerial and ground that you would not hear any sound even if your aerial or receiver were tuned in to the same frequency of a local broadcasting station.

The reason for this is that the frequency of the radio currents is so high that it is a physical impossibility for the diaphragm of the telephone to move fast enough. Before the diaphragm could respond to the upward half of the cycle of the wave the current would reverse and go in the other direction, thus tending to pull it down.

Even if the diaphragm could respond to every cycle of the incoming wave you still would not hear a sound. The reason being that the tone would be too high for your ear to detect.

If a crystal detector is inserted in series with the headphones it will cut off one half of each cycle so that you will have a series of impulses in one direction, thus tending to pull the diaphragm in one direction.

You will still be unable to hear each individual half wave for the phone diaphragm cannot respond to this great a number of impulses per second. What it will do is to respond to each group of waves or each change in the value of the crests of the waves.

If there are a thousand groups of waves per second your telephone diaphragm will respond one thousand times and you will be able to hear an audible note. In radio telephone broadcasting the variations of the microphone current are superimposed on the crests of the alternating current wave.

In this case the telephone diaphragm will respond to the variations in the comparative height of the crests of the waves and will truly reproduce the sounds that were used to vary the current at the broadcasting station.

THIS BRIGHT BABY GIRL

Brought Joy to Home. Mrs. Price's Health Restored by Lydia E. Pinkham's Vegetable Compound

Scootac, Pa.—"I never felt like working, and when I would try to do any work standing on my feet, I would just drag around all day long. At times I would have terrible pains and would be in bed three or four days. I was in this condition about a year when I saw Lydia E. Pinkham's Vegetable Compound advertised in the papers. I had heard different women say it was good for women's troubles, and my aunt thought it would help me as it had helped her. So I took the Vegetable Compound and it brought things right and I was in good shape before I became a mother again. I believe it helps at birth, too, as with both my other babies I suffered a great deal more than with this one. I thank you a thousand times for the good your medicine has done me." —Mrs. ROBERT PRICE, Scootac, via Lockhaven, Pa.

In a recent country-wide canvass of purchasers of Lydia E. Pinkham's Vegetable Compound, 98 out of every 100 report they were benefited by its use.

PLANE GUIDED BY INSTRUMENT ONLY IS BEING TESTED

DAYTON, April 22—Lieutenant E H. Barksdale and Navigator Max Short took off here today for Cleveland in a compass guided airplane. They expected to land within an hour after departure, due to a 65 mile an hour gale high above the earth. They left Dayton at 11:53 Central Standard time. They expected to make the flight out of sight of land and depend solely upon instruments to take them to their destination which is believed to have been the aero mail landing field, although they may land at the water front field.

Wimmer-Arnold Co. Has the Remedy and Guarantees it to End Indigestion or Gastritis. So Why Be Miserable?

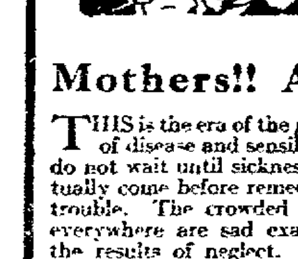

You can get one bottle of Dare's Mentha-Pepsin and if after you take it you do not say it did your stomach more good than anything you ever used before, your money will be waiting for you.

This delightful and effective elixir not only gives instant relief from gas fullness acid stomach and distress after eating, but taken regularly for a short time will turn your weak, run down stomach into a strong, healthy one able to perform its duties without help.

It ends indigestion, gastritis, catarrh of the stomach and does it in a surprisingly short period of time.

Dr Wm W Morgan, a prominent dentist of Bridgeton, N. J., writes: "After suffering severely with gastritis and other stomach troubles a friend gave me a bottle of Dare's Mentha-Pepsin. I had ... relief from other remedies, but four bottles entirely ended the trouble." Get it at Wimmer-Arnold Co. and all regular druggists everywhere.

A single teaspoonful of DR. CALDWELL'S SYRUP PEPSIN Will restore good humor

Mothers!! Apply Common Sense

THIS is the era of the prevention of disease and sensible people do not wait until sickness has actually come before remedying the trouble. The crowded hospitals everywhere are sad examples of the results of neglect. Be especially watchful of children. Restlessness, lack of normal appetite and feverishness usually indicate constipation. Stop it that instant with a spoonful of Dr. Caldwell's Syrup Pepsin and you will have prevented real sickness. Mrs. Ida Williamson of 1637 Pine St., Long Beach, Cal. and Mrs. Lou Brawley of Self, Ark., never have illness in the family because of their prompt use of Syrup Pepsin.

A Great Family Laxative

It may be difficult to decide just what medicine to use out of the many that are offered, but it would not be if you knew the facts. There are laxatives, cathartics, purgatives and physics, and they vary in their reaction on the system. Naturally, the stronger the medicine the more it shocks the system, so wise parents never give anything but a laxative to children. Dr. Caldwell's Syrup Pepsin is a mild laxative, a vegetable compound of Egyptian senna with pepsin and desirable aromatics, and so appreciated that it is now the largest selling preparation of its kind in the world, over 10 million bottles being used annually. The formula is on every package.

Three Rules of Health

Purchase a bottle of Syrup Pepsin at a drug store and always keep one in the family medicine chest. Give it to anyone from infant to grandparent, for it is safe, and the cost is less than a cent a dose. You can keep a family healthy with just this simple medicine. Give it for constipation, torpid liver, indigestion, biliousness, headaches, colds and other evidence of bowel obstruction. Dr. Caldwell, who was a practicing physician for 47 years and who originated this formula, had three rules of health that he found very effective among his patients and which you can follow with great benefit: Keep the head cool, the feet warm, and the bowels open.

If You Want to Try It Free Before Buying

FRANCE WANTS TO STAY IN RUHR

PARIS, April 22.—Following a long conference today between Premier Poincare and Louis Barthou, chairman of the inter-allied reparations commission it was reported that the premier insisted upon a supplemental report from the commission assuring France of the right to remain in the Ruhr until the Dawes plan is fully functioning.

McAdoo -- The National Candidate

Ohio Democrats will nominate their Democratic presidential choice at the Primary, April 29. You will choose between William Gibbs McAdoo and James M. Cox. Between these two and these two only can you express your preference. Let us examine and compare the records of these two men; let us appraise their respective ability and availability of what they are and what they have done.

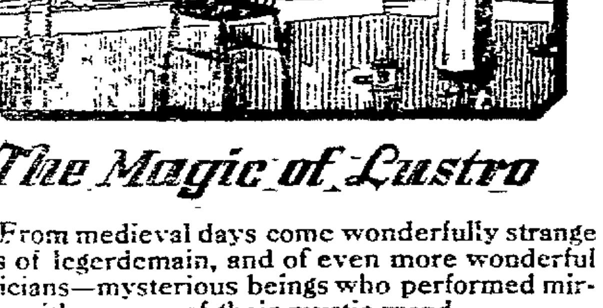

Mr. McAdoo was a pioneer of woman's suffrage and equal pay for men and women when doing the same work. He is opposed to child labor and the exploitation of human life. He builded the Hudson River Tunnel which accommodates more people every day than any single piece of engineering in the world. He broke the stranglehold of Wall Street on the U. S. Treasury. He was one of the authors of the Federal Reserve Act. He organized the Federal Reserve Bank, that makes money panics impossible. He initiated the Federal Farm Loan. He organized and put over the Liberty Loans in masterful appeals to the people, when Wall Street said it could not be done.

During the war he carried the greatest burden of government of any man in America, excepting President Wilson. He raised and handled the greatest amount of money ever administered in the history of the world, without the loss of a single dollar, or a single case of graft, and he retired from Wilson's cabinet a poor man with a large family to support. By his great organizing ability, he unclogged our congested transportation system, transformed the railroads into one great, efficient machine to win the war, supplying troops over seas with food and munitions and our people at home with the necessities of life, operating the whole system for millions per year less than it is now being operated.

Few men in the world have achieved such a record for constructive ability and magnificent courage. There is not enough money in all the political slush funds, and not enough printers' ink and paper in the country to manufacture such a record for any other candidate. His call to his fellow countrymen of "Back to Honesty", is being answered from the hearts of the American people, that will find honest expression at the ballot box on April 29th.

There is now being waged against McAdoo a campaign of false hood, calumny and misrepresentation by the professional politicians, grafters and corruptionists of both political parties. They are making common cause against him because they fear him; because he will not trade and traffic with the sacred trust of government; because he will neither profit from the administration of public affairs nor will he permit it to be done by others. Honest and trustworthy himself he demands honesty and faithful service from those under him. The constitutional rights of the common people—"Life, Liberty and Pursuit of Happiness" can safely be entrusted to him. McAdoo is the only National candidate before the American people.—Political Advertisement.

The Seal of GREEN SEAL Quality Paint

The Magic of Lustro

From medieval days come wonderfully strange tales of legerdemain, and of even more wonderful magicians—mysterious beings who performed miracles with a wave of their mystic wand.

Scarcely less wonderful today is the miracle of re-created floors, furniture and woodwork—given a new life and attractiveness by a touch of Lustro.

Hanna's Lustro-Finish makes old things glow and glisten—bringing brightness to your entire home.

Hanna's Lustro Finish is highly superior for finishing and refinishing interior woodwork, floors and furniture

When it's time to think of painting—think of Hanna. Remember the famous Green Seal—for 36 years the standard.

COOLIDGE

(Continued from Page One)

"I do not claim" said the president, "to be able to announce any formula that will guarantee the peace of the world.

"There are certain definite things, however that I believe can be done, which certainly ought to be tried.

"I believe that among these are frequent international conferences suited to particular needs. The Washington conference did a great deal to restore harmony and good will among nations. Another purpose of a conference is the further limitation of competitive armament. Much remains to be accomplished in that direction. It would appear to be impractical to attempt action under present conditions, but with a settlement of German reparations firmly established, I should favor the calling of a similar conference to achieve such limitations of armaments and initiate plans for codification of international law, should parliamentary inquiries disclose that such a proposal would meet with sympathetic response.

"But the main hope of success lies in first securing a composed state of public mind in Europe.

"It is my firm belief that America is in a position to take the lead in this direction."

Turning to domestic affairs, the president assured the editors that "fundamentally America is sound," despite the agitated state of the public mind in recent months over the investigation scandals, the resignation of cabinet officers and the bickering in congress over legislation.

He described the lust for profits that the war engendered and then said—

"From all sordidness, the affairs of government suffered. In some of it a few public officers were guilty participants. But the wonder is not that this was so much or so many, rather that it has been so little and few.

"The encouraging thing at present is the evidence of a well nigh complete return to normal methods of action and a sane public opinion. There is an exceedingly healthy disposition to uproot guilt and administer punishment wherever competent evidence can be produced. That I am doing and propose to continue."

The president also made a plea for economy and thrift. He declared there are bills now pending in congress that if passed would increase the government's expenditures $3,300,000,000, this year. He spoke of "minority groups and organizations making determined assaults on the treasury," but did not name them. Some of his hearers believed this was a reference to the bonus.

He again endorsed the Mellon plan of tax reduction and decried the opposition to it as "supposition that the general public can be relieved of taxation and a greater proportion of taxes laid on the rich." Such a policy, he said, would be an "economic injury and an impossible principle."

Helping The Klan

THE shooting up of the home of Sam Stearns, exalted cyclops of the Ku Klux Klan, at Marion, Ill., recently, is supposed to have been a result of a new outbreak of the factional war that has disgraced Williamson County for many months.

This paper condemns unqualifiedly the perpetrators of this outrage, which caused the wounding of one man and might have resulted in at least three deaths. It was a cowardly, unprovoked act. Action of this kind will tend to strengthen the klan instead of injuring it. If the guilty persons can be discovered, they should be punished. Opponents of klan teachings and practices can only prevail against its efforts by keeping within the law and setting an example of good citizenship.

Bootlegging Now and Then

"PROHIBITION is the most dismal failure of the age and the Eighteenth Amendment and the Volstead Act are the most futile and foolish pieces of legislation in the annals of American history. Bootlegging is rampant. Graft reaches the highest government officials—disclosures of illicit withdrawal and sale of government liquor are becoming common. In the end, we shall come to our senses, and license the liquor traffic which experience has taught us is one of our most potent sources of revenue."

This is the general tone of criticisms of prohibition after five years of its existence. The main text of the argument seems to be that liquor laws cannot be enforced.

Admittedly, violation of the law is prevalent. But who will say that there would be no violation if the old order were re-established—if the manufacture and sale of liquor were legalized and made subject to a tax? In the old days when the legitimate liquor interests paid a heavy tax, these interests were actually forced to maintain associations to protect themselves against those who made and sold liquor without paying a tax. There was bootlegging, much of it, long before there was prohibition.

Similarly, there was graft. Fifty years ago, in 1874, the celebrated "Whiskey Ring" scandals were being made public. It was brot out that a group of internal revenue officers in St. Louis, with high accomplices in Washington, were collecting immense sums in bribes from distillers, who were allowed to pass out whiskey, tax-free. Even President Grant was suspected of being implicated, tho it was later established that he had no part in the affair. It was estimated that the government was being defrauded of about $1,200,000 yearly.

Whether we prohibit tax-free liquor or whether we prohibit liquor altogether, there will be some violation of the law—until public sentiment changes. Sentiment for law enforcement seems to be growing. Less and less illicit liquor, we are convinced, will be sold in the future.

Few people will say that the regime of the saloon was better than that of the present. Those who demand the licensing of beer and light wines are really demanding the licensing of evil in a lesser form. In 1844, James Russell Lowell wrote, "They enslave their children's children who make compromise with sin!"

Ford, Norris and Muscle Shoals

SENATOR GEORGE NORRIS, of Nebraska, now demands that Henry Ford appear before the senate agricultural committee and explain his offer for Muscle Shoals. Senator Norris has been leading the opposition to the Muscle Shoals bill in the senate, since its passage in the house of representatives.

In view of the fact that the main support of the bill has come from farm organizations, on the theory that Mr. Ford, when in control of Muscle Shoals, will produce cheap fertilizer, and in view of the fact that Mr. Ford has made no specific agreement to produce cheap fertilizer, the demand of Senator Norris that the manufacturer explain his offer seems reasonable.

According to the bill, Mr. Ford has agreed to produce fertilizer containing not less than 40,000 tons of nitrate yearly, at a profit not to exceed eight percent of the cost of manufacture. There is no definite agreement as to how this profit is to be computed.

The Associated Power Companies of the South has made a bid for the property which, in the opinion of most engineers and business men, is far more favorable to the government than Mr. Ford's. Nevertheless, the latter offer seems likely to be accepted. The chief reason for this is probably Mr. Ford's personal popularity over the country.

But some would assign another and more sinister reason. A prominent radical makes the charge, briefly, that Muscle Shoals has been proferred to Mr. Ford by the political higher-ups as an immense bribe, on condition that he keep out of the presidential race, in which he might, as an independent candidate, sweep the old machines and bosses aside.

In all probability, there is no basis in fact for such a charge. However, if this extremely valuable government property is to be sold and leased, there is no reason why Mr. Ford should be given a preference over other bidders. In our own opinion, there is no reason why the property, perhaps the greatest source of power in the South, should pass out of government hands.

In fairness, therefore, Mr. Ford should make some statement concerning his bid. This, however, he has refused to do. Indeed, it seems at present that it will not be necessary—that the senate will pass the bill whenever it comes to a vote.

the Paris and London branch shops once a year.

One is not supposed to ask the price of any article purchased. Non-charge patronage is discouraged. No less than six hand made shirts may be secured at one purchase. In buying collars one is measured as meticulously as though he were buying a suit of clothes.

The collar maker is a Van Dyked gentleman who measures you while his assistant jots down the measurements. Buying a scarf takes on all the glamor of a lady buying her trousseau. There is a mahogany finished room that is flooded with an electric daylight glow.

Silks are carried by uniformed myrmidons from mysterious caches. There is only enough material for one scarf in each design. A study is made of the complexion and one is matched up for a scarf as carefully as a painter tints his canvas.

I was never in the shop — No, that is cruel, "atelier," is the word —when some clerk was not calling by name some illustrious person whose financial exploits had boomed at me from the first pages. Only the very rich or perhaps a few of those who have worked for Mr. Doheny are regular patrons.

There is a polished elegance about everything from the big brass outer door-knob to the long gold tipped cigarettes in handsome teakwood boxes inlaid with pearl. The proprietor is an urbane, potbellied gentleman with a decidedly Picadilly insouciance.

Fred Kelly and I have always cherished the ambition to clap monocles to our eyes and visit this haberdashery shop some day and try to buy a single bone collar button. The monocles might save us from instant annihilation. If we survived we expected to be emboldened to ask if they had any knitted wrist warmers in stock.

In New York odd friendships have developed among strangers talking over the telephone. This is because of New York's soul hungry thirst for acquaintance. When one gets a wrong number he or she need not be annoyed for it might mean the beginning of a beautiful friendship. A man I know had met a lady at a dinner. He promised to call her the next day. He remembered her last name so he called every number listed under the last name. There were 43 of them. Twelve of them promised to have lunch with him the next day. They all came not knowing of his little joke. Now they hold a dinner annually and all have become good friends. Unconventional, yes. But sometimes the lonely must batter down the conventions here or face insufferable ennui. One of my friends whose loyalty is always warming, was picked up on a telephone wire. It was a cross connection and we chatted about a catastrophe that had stirred the nation. Then we exchanged names and met. He at the time, like myself, was lonely. I became a godfather to his child recently. Innumerable marriages have resulted from casual telephone contact.

It is a form of hereditary actorship to seek the spot — the center of the stage. It is human and forgivable yet one cannot help but be a little annoyed at an actor in a Broadway play who is making a curtain speech delicately suggests he is unable to answer his thousands of daily mash notes.

THE BONUS

Editor The Tribune:

The base of pay for an enlisted man in military service during the World war was $30 a month. From this, a majority of cases show deducted $15 for allotment to dependents, $6.50 insurance, leaving a balance of $8.50 actual monthly remuneration. Out of this remainder more than 80 per cent of the men in service bot Liberty Bond on the installment plan.

While the fighting men of the nation were thus being penalized, every other class of persons had their pay multiplied by several times. For example: shipyard workers received $12 to $25 per day, ordinary laborers $5 to $15 per day, skilled workers in mines, mills, factories and railroads $7 to $25 per day, farmers' prices for products doubled and tripled, merchants made 50 to 200 per cent on stocks bot at pre-war prices; banks had biggest deposits in history, greater volume of loans and higher interests received; manufacturers made billions in excess profits and 26,000 new millionaires were created by the war. These classes acquired these profits in comparative safety, ate three square meals a day, enjoyed the companionship of their families, and slept in warm beds every night.

The soldier, in direct opposition to this, endured the restraint, hardship and disease of the camps, ran the gauntlet of hidden submarines, lived in the mud, misery and death of the battlefield and got $8.50 for his service, a sum less than the average day's wage of his fellow countrymen who stayed at home.

This same soldier came home—that is, the ones that did come home—and found the manufacturers demanding $3,000,000,000 for the profits that they would have made on war contracts terminated by the armistice. They were paid. The civil service employes demanded a bonus of $240 a year. They were paid and already $648,000,000 has been paid out on this civil service bonus, the actual expenditure being 30 per cent greater than adjusted compensation for the fighting men will cost. The railway workers of the nation demanded a retroactive wage bonus for the wartime period. They were paid and the bill charged to the government as a part of the $8,000,000,000 paid to the railroads for their use. Wage bonuses being paid to employes of banks, brokerage houses, mines and factories from wartime profits. This same soldier also found on arrival home a $60 bonus for the veteran himself which he was expected to use in outfitting himself in civilian clothes to pay off the loaned debt that had accumulated on his family and to pay rent and sustain himself till he found employment.

The cost of adjusted compensation, based on estimates of treasury experts and the findings of the senate finance committee is:

$83,000,000 a year for the first three years; $66,000,000 for the fourth and eigth years; $45,000,000 a year for 15 years.

There is now a surplus of $370,000,000 in the treasury. Estimated surplus for the year ending June 30, 1924, is $650,000,000. Great Britain has begun the payment of the interest on her war debt to the United States as annual payment of $160,000,000, which will continue for 60 years.

The bonus for our fighting men can be accomplished and taxes reduced without additional taxation or revenue. If anyone believes in simple justice get behind this movement and put your shoulder to the wheel that will get compensation for our fighting men before they are in their graves. Everyone for the passing of the adjusted compensation measure. What do you say?

BODY OF WEALTHY MAN FOUND UNDER A PILE OF BRUSH

LEBANON, Tenn., April 21—Bullet pierced and spattered with blood the body of Jack Buchanan, Lebanon's wealthiest citizen, who has been missing since April 9, today was found under a brush pile on a highway near here. The slain man was 72 years old and officers said they have no clues whatever as to perpetrators of the crime.

Steinmetz, the late electrical wizard, prophesied that people will not work more than four hours a day a hundred years from now.

WALT MASON

THE ADS

I always read the ads of lids and liver pads, of snaps in real estate and bargains truly great in lollipops and lyres and tools and rubber tires. There are so many futile lads who do not read the ads; they scan the sporting news, the editor, his views, the news from round the globe, the latest startling probe, the dope from many grads—but do not read the ads. They clamor, when we meet, "Where in the name of Pete did you secure your hat? We've wanted lids like that, but knew not where to find that grand and princely kind." "I bought it at a sale, for very little kale; the man was selling out because he had the goat, and so he advertised some prices that surprised, and in his busy store I bought for dollars four a kelly truly great, that used to sell at eight. I always read the ads; they save me many scads. I do not care so much for news about the Dutch, for cablegrams from Cork, or stories from New York, the daily grist of news about illicit booze, or murders dark and dire, or tenements on fire, all people have their fads, and mine is reading ads. If one would save the dimes in these stemwinding times, would husband the doubloons, the groats and picayunes, the dollars of our dads, he has to read the ads."

This New Treatment Never Fails to End Piles

Many sufferers from Piles or Hemorrhoids have become despondent because they have been led to believe that their case was hopeless and that there was nothing in the world to help them.

To these people we say, "Go to your druggist and get an original box of MOAVA SUPPOSITORIES." One of these inserted into the rectum according to directions will be found to give immediate relief. They reach the source of the trouble and by their soothing, healing, antiseptic action first allay the pain and soreness and then by direct contact with the ulcers and piles cause them to heal up and disappear forever.

It's simply wonderful how speedily they act. Blessed relief often comes in two days. Even in cases that have steadily resisted all known treatments, marvelous results have been obtained.

Wimmer-Arnold Co. dispenses MOAVA SUPPOSITORIES in the original box or can get it for you on short notice.

BANK ROBBERS GET AWAY WITH $3,500

DETROIT, Mich., April 22.—Bandits today raided the Chene-st. branch of the Bank of Detroit, making away with at least $3,500 and leaving marks of their visit in shattered plate glass and bullet dotted walls. The raiders fired at a girl clerk when she failed to elevate her hands promptly and other shots were fired thru the front window of the bank as the bandits fled.

BODY IS FOUND

ELYRIA, April 22.—The body of an unidentified man about 28, ragged and penniless was found dangling from the end of a rope in an old abandoned building here today. He had been dead about a week.
